This is the third office action for application number 10/657,642, Method for Securing Frame Members for an Electrical Cabinet, filed on September 8, 2003. This application is a divisional of application no. 09/869,618, filed on March 5, 2002.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application are the limitations of a method for securing in abutment two tubular metal members, including the steps of forming at least two first holes in one wall of each of the metal members, acting through the first so formed to burst second holes in opposite walls of the metal members to form outwardly extending collars, screw threaded the collar in one of the metal members, engaging the collars and engaging threaded fasteners through respective ones of the aligned first and second holes, included in independent claim 4 and in combination with the other elements recited, which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
